PERMIT APPLICATION PUBLIC NOTICE**

**November 21, 2008**

**Permit Number:** OCRM-08-254-M  
**Permit ID:** 64872

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

**APPLICANT:** James A. Peurifoy  
C/O Kennerty Surveying, Inc.  
5355 Savannah Hwy  
Ravenel, SC 29470

**LOCATION:** On and adjacent to Sand Creek at 7772 Russell Creek Drive, Edisto Island, Charleston County, South Carolina. TMS#: 066-00-00-017.

**WORK:** The work as proposed and shown on the attached plans consists of constructing a dock. Specifically, the structure will have a 4' by 300' angled walkway, with handrails, leading to an 8' by 8' covered fixed pierhead. Ebbside of the pierhead, a ramp will lead to an 8' by 10' floating dock. The applicant also proposes to install a 12' by 12', four-pile boatlift floodside of the fixed pierhead. The purpose of the activity is for the applicant's private, recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

*To assure review by OCRM, comments regarding this application must be received by OCRM on or before December 6, 2008. For further information please contact the project manager for this activity, Fred Mallett, at 843-953-0236.*
